

NOTICE OF COMMENCEMENT AND INTRODUCTORY OPEN HOUSE

ABOUT THE STUDY

Extending the planned Hurontario LRT from the Brampton Gateway Terminal at Steeles Avenue to the Brampton GO Station is a key transit priority and city-building project for the City of Brampton.

The Study involves evaluating alternative LRT routes along two corridors – Kennedy Road and McLaughlin Road and any sub-options, including “alternative alignments, underground or elevated sections, road widening, shared running, and one-way or two-way loops.

DROP INTO OUR OPEN HOUSE

The Open House will provide information about how the study is being undertaken. You will have the opportunity to provide input on the preliminary alternatives and share ideas with the project team. Information about how this project relates to ongoing City initiatives will also be available.

DATE	Wednesday, April 25, 2018
TIME	6:00 p.m. – 8:00 p.m.
LOCATION	Brampton City Hall Atrium 2 Wellington Street West
